

## About

---

- Open Recruitment Solutions Ltd has been built on over 20 years industry experience as a specialist IT recruitment company focused on service and achieving results from an open work ethic.
- The company is built from the ethos of transparency and openness throughout the recruitment experience, a sharp contrast from faceless mainstream recruitment companies.
- The team has invaluable experience in providing high-end recruitment services for some of the UK's leading businesses, SMEs, FTSE Top 50 & MNCs across multiple sectors –assisting in finding exactly the right people for their specialist roles.
- Our approach of working effectively and engaging with both clients and candidates is what makes it possible to achieve results. We ensure that we have a full understanding of your technology and business requirements.
- The current technology recruitment marketplace is more changeable and dynamic than ever - we have the flexibility to provide a bespoke and tailored recruitment service.
- We take pride in our service and focus our efforts towards establishing long lasting business relationships.
- Open Recruitment Solutions Ltd helps companies and candidates in meeting their recruitment needs, such as:
